Department:	Metallurgical Engineering & Inspection	Reporting to:	Process safety Management Superintendent
Location:	Come by Chance Refinery	Closing date:	May 24, 2019
Schedule:	Days	Posting Type:	External

Company Overview

At North Atlantic, winner of 2017's Top 100 Employers in Atlantic Canada competition, we decided from the very beginning that our company wasn't just about our products. Our reputation, our service and our employees say so much more about who we are!!!

We've proudly served Newfoundlanders with refined products manufactured right here for almost 30 years. Think of us as the company that keeps the province warm and provides the fuel to keep it running too. NARL Refining LP is a crude oil refinery located in [Come By Chance](#) in [Newfoundland and Labrador, Canada](#). It has a refinery capacity of 130,000 barrels per day. At NARL Refining, we don't have a work force. We have a community that's more than 600 strong. Our employees come from the towns surrounding the refinery and from all over the world. They are operators, engineers, craftspeople, managers, and drivers. They are also scout leaders, education mentors, and healthcare volunteers. Our highly skilled employees transform crude oil into some of the cleanest fuels on the world market. It's a job that requires the greatest care and safety. Safety training and performance at NARL Refining is second to none – it's a culture.

Erosion/Corrosion Coordinator

NARL Refining LP is looking to add a skilled Erosion & Corrosion Coordinator to our team. The E/C Coordinator, reporting to PMS Superintendent, is primarily responsible for the coordination of the field execution of Erosion/ Corrosion program.
